

- ◆ Is your current enterprise application difficult to adapt and/or expensive to maintain?
- ◆ Is your organization considering a Microsoft Dynamics AX business solution?
- ◆ Has your organization missed its project milestones, timelines, or budget?

## Microsoft Dynamics AX: Make the transition a success.

### A distinguished partner.

West Monroe Partners takes an innovative and collaborative business process approach to implementing Microsoft Dynamics AX. This approach distinguishes us from your other potential partners.

We have the experience, the capabilities, and the approach of a global consulting firm, with a focus on the unique needs of middle-market clients.

### A proven approach.

We think you will like our refreshing approach—one that fosters close collaboration with your team and is designed to ensure quality and efficiency at every stage of the project. Unlike many technology-focused consultants, we believe in taking the time to understand your business before applying ERP technologies.

Aligned with Microsoft's SureStep Methodology, West Monroe Partners utilizes a phased implementation approach that includes an accumulation of best practices and proven results in complex implementation environments.

### Experience in your industry.

Microsoft Dynamics AX is a comprehensive enterprise resource planning solution designed to drive organizations across a variety of industries. West Monroe Partners combines extensive product experience with specialized expertise and proven track record in several industries:

- ◆ Aerospace and defense
- ◆ Consumer packaged goods
- ◆ Process and discrete manufacturing
- ◆ Professional services
- ◆ Fashion, apparel and textiles
- ◆ Wholesale/Distribution

### Our services.
